

Standox 1K Allround Primer-Surfacer U3080S.

Productivity in a spray can.

An Axalta Coating Systems Brand

The Art of Refinishing.

Metal

Plastic

The new 1K Allround Primer-Surfacer U3080S Aerosol stands for **high productivity**.

The new 1K Allround Primer-Surfacer U3080S Aerosol stands for high productivity. The repair process is shortened considerably thanks to the elimination of a complete process step, the simple and universal application, and the fast-drying performance.

The product is designed for a multifunctional and fast working process, for use directly on bare metal and all common plastic substrates.

The innovative 1K Allround Primer-Surfacer U3080S Aerosol helps bodyshops to be more efficient, profitable, and sustainable.

Features:

- Application directly on all metal and common plastic substrates
- Very good corrosion protection
- Promotes shorter process times and reduces the number of products needed per repair leading to reduced material consumption
- Short flash-off and drying times – considerably shorter when compared to existing aerosol primers
- Easy application thanks to SprayMax technology, very good sprayability and flow
- High filling power – easy sanding
- Can be recoated after sanding with both waterborne basecoats as well as solvent-based basecoats and topcoats
- Excellent adhesion and intercoat adhesion
