

DEGREASING CLOTHS

GENERAL

CODE	DESCRIPTION
OD10	Degreasing cloths 42cm x 30cm

DESCRIPTION

The degreasing cloths from Gerko are lint- and silicone free cloths with a high absorption capacity. They are suitable for both waterbased and solventbased degreasers.

PROPERTIES

- Very strong degreasing cloths
- High absorbency for rapid absorption of degreasers
- Suitable for both water-based and solvent-based degreasers and silicone removers
- Can be used dry and wet
- Lint and silicone-free

PACKAGING INFORMATION

200 pieces in a dispenserbox

- Colour: Blue
- Material: 45% polyester, 55% wood pulp
- Dimensions: 42 cm x 30 cm per cloth
- Basic weight: 69 g/m²
- Thickness: 0.28 mm

NOMINAL VALUES

Dry tensile strength MD	163.1 N/5cm	FZ/T-60005
Elongation at break MD	28.6%	FZ/T-60005
Dry tensile strength CD	84 N/5cm	FZ/T-60005
Elongation at break CD	72.1%	FZ/T-60005
Speed of absorbability	57 mm/30s	Corporation standards
Liquid absorptive capacity 4.7 ml/g	4.7 ml/g	Corporation standards
